AN URGENT MESSAGE FOR ALL FLAG FSMS

THE GOLDEN AGE OF KNOWLEDGE

LIMITED TIME OFFER AUDITORS DAY EVENT

COMPLETE YOUR BASICS PACKAGE

Dear XX XX,

The release of the Basics books and lectures at the OT Summit 2007 precipitated a tidal wave of wins resulting from Scientologists obtaining pure 100% Source

from the Basics books and lectures that form the research and development of Dianetics to Scientology and, hence, the very foundation of The Bridge.

However, even though the number of books and lectures into the hands of Scientologists is at an all-time high, it was recently found that many had not been informed of the advantages of obtaining the full materials package, resulting in them obtaining only the Books Package and putting off getting their lectures until a later date.

By public

survey, they were not aware of the amount of discount they lost by not buying the complete package (both books and lectures). While it is certainly true that a chronological study of the books - in their now complete and on-Source form - brings about a level of understanding not previously available, the companion lectures bring it to a level of full 3-dimensional conceptual understanding.

Indeed, people who

are availing themselves of the full books and lectures lineup repeatedly state in their success stories that having now listened to the lectures in conjunction with reading the book, the cannot imagine

any Scientologist not availing themselves of doing the full books and lectures lineup. Factually these materials have never before been available - the books having been alter-ised and the lectures never before released in any form.

Therefore, to make all of these materials available to those Scientologists who may not have been aware of the discount available by purchasing their full Books and Lecture Package at once, this special discount is being made available for a limited time only.

#### LIMITED TIME OFFER

A)

For any Scientologist who purchased the entire Books Package (but not Lectures Package), they may now obtain the Lectures Package at the full discount they would have received had they purchased them at the same time as the books - 25%.

B)

For any Scientologist who purchased the entire Books Package, but only some of the lectures, they may now obtain the remainder of the Lectures Package at the full discount they would have received had they purchased the entire Books and Lectures Package - 25%.

C)

For any Scientologist who only purchased a limited quantity of books with their accompanying lectures, they may purchase the remainder of the set (it must be all remaining books and lectures they had not purchased) and are eligible for the same 25% discount had they purchased the entire package at once.

Note: This offer is NOT applied to those individuals who are newly donating for their materials. It applies only to those individuals

who have already purchased some part of the Basics, but who did not take advantage of the discount offered for the full Books and Lectures Package (prior to 8 September 2007). All new donations after 8 September may only have the standard discounts applied as covered in the public donations rate card for these materials.

The purpose of this limited time offer is to help each and every public complete their full Basics Books and Lectures Package and avail themselves of this entire body of LRH technology.

As all Scientologists were briefed at the OT Summit announcing the Basics, these books and lectures form the foundation of The Bridge. Further, these books and lectures form the foundation for all future study. Be it the auditor training route or the preclear route, each one of these books and their accompanying course are an integral part of everyone's Bridge progress.

For the individual who moves on to train as an auditor, the books and their Extension Course (or, preferably, Book and Lecture Course) are a component part of that auditor training. And, for the public moving up the processing side of The Bridge who wish to "fly solo," all of the books are an integral part of Solo Auditor course Part I training.

#### IMPORTANT INFORMATION FOR FSMS

As an FSM you share the responsibility to get others started on this route. To get people you know started now, it is important that they understand what has been done to make the materials available and accessible.

As was announced by COB RTC at the OT Summit Basics release, all new production lines were established at Golden Era Productions (for compact disks) and Publications Organizations (for books) to bring

these materials to the public at the highest quality and the lowest cost to the public. Some datums you may not be aware of are as follows:

The cost of lectures is less than it cost the public to purchase them the year they were delivered. By way of example: To purchase an individual LRH lecture in 1954, the cost was \$25. The cost to purchase that same lecture today, on compact disk and with full transcript and glossary, is almost half that price.

Even with lectures now available at this low cost (the price they pay with no discount) when one takes advantage of the Books and Lectures package (and the 25% discount) one is actually getting 88 lectures for free.

And finally, the cost to purchase all books, (now fully available in their fully on-Source form, with complete glossaries that define virtually every word an individual may have to look up), and all accompanying LRH lectures (many never before available, all of them on compact disk with full transcripts and glossaries defining every imaginable misunderstood), it is less than the cost of purchasing just the Philadelphia Doctorate Course lectures on cassette tape 15 years ago!

#### SPECIAL OFFER

This special limited time offer is effective immediately and will expire on 27 September 2007.

Therefore, immediately get the following done:

1.  
Make a list of any of your selectees who have bought only part of the Basics.
2.  
Contact them and let them know that for this very limited time, they will be eligible for this special 25% discount. Inform them of the information above as to the benefits of obtaining the entire Books and Lectures Package (in terms of the full importance of studying the books and lectures). **THE REASON THIS HAS BEEN DONE, FOR A LIMITED TIME ONLY, IS SO THAT EVERY ONE OF THEM CAN OBTAIN ALL OF THE MATERIALS COMPRISING THE BASICS AND BENEFIT FROM THIS HISTORIC RELEASE.**
3.  
Get your selectees the materials. **IT IS IMPOSSIBLE TO "OVERSELL" OR "OVERSTATE" THE IMPORTANCE OF THESE MATERIALS. ANY SCIENTOLOGIST WHO BEGINS THEIR STUDY OF THESE MATERIALS WOULD SAY THE SAME THING: THE BASICS ARE WHAT YOU NEED. No matter where the person is on The Bridge, the preceding statement applies. THESE BOOKS AND LECTURES ARE THE THING THAT EVERY SCIENTOLOGIST NEEDS. IF THEY WANT TO GO CLEAR, THIS IS WHAT THEY NEED. IF THEY WANT TO BE AN AUDITOR, THIS IS WHAT THEY NEED. IF THEY WANT TO GO OT, THIS IS WHAT THEY NEED, NO MATTER THEIR CURRENT TRAINING LEVEL, CASE LEVEL, THIS IS WHAT THEY NEED!**

Our Orgs are purveyors of knowledge. With the full Basics books and lectures now available, there are no Scientologists who can't avail themselves of this knowledge. Your job is to get it into their hands and get them started. We want a Cleared planet. This is the start of the big push that will make it a reality. Do so!
